Why Insist on PA?

- **©** Computing education: liberal arts?
 - What message?
 - Consequences: wrong attitudes
- Our experience
- **™** What students are telling us?

© 2010 Dr. Muhammad Al-Hashimi.

Who Runs the Show?

Who shouldn't design PA instruction?

- Lab technicians/attendants
- Lab/PA instructors
- Teaching assistants (Mu'eed)
- Dept. head, Dean, etc.
- Dept. committee or Council (majlis)

PA Design Tips

My Top Five

- Start with your goals: what purpose?
- Align with course objectives
- Support course material (reinforce or extend)
- Sync with course time line
- Lab instructor orientation + follow up
